

# The Spirit of Gravity at The Rossi Bar

## For Artists

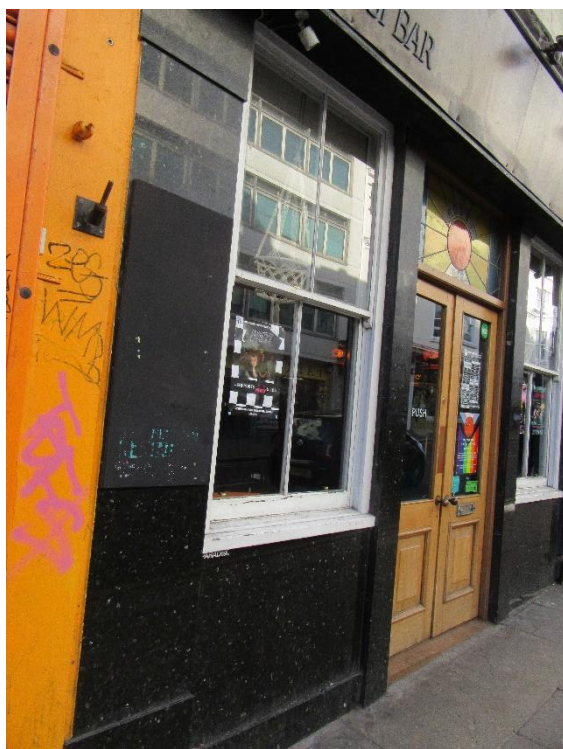

The Spirit of Gravity has been at The Rossi Bar since January 2019.

The Rossi Bar is on Queens Road, the road from Brighton Station to the seafront.

This photograph looks back up past The Rossi Bar to the station, you can park outside the venue to unload, but will need to leave your car elsewhere.

Parking in central Brighton car parks is expensive and there is little on street parking.

The Rossi Bar can be hard to spot as the pavement is very narrow. We usually have a poster outside. But not always.

The venue is down the circular stairs on the left as soon as you go in, its often blocked by some bar stools to stop people from coming in, but just come straight past.

Usually we get there for 6, but if you are in town earlier and want to drop something off, the bar staff will usually let you do that from about 5.

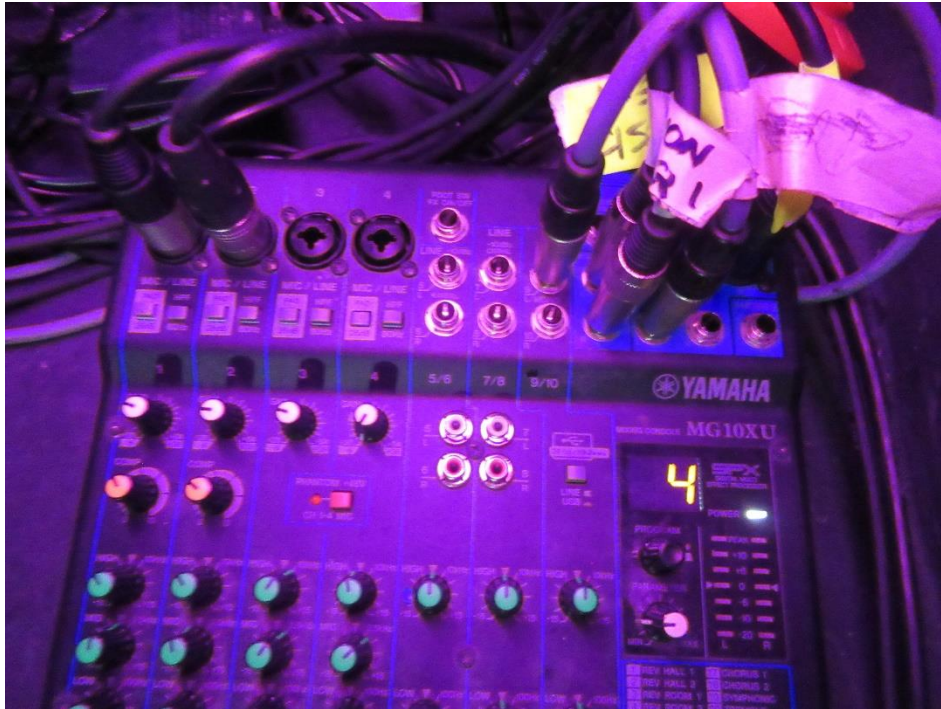

The room itself is small with a stage at the far end.

If you need a table, there are tables in the venue, but they are small, and quite low, if you need something bigger and cannot bring your own or let us know and we will bring something along for you.

But these seem to work well for most people we put on.

The mixer is pretty basic: XLRs for Microphones etc, otherwise mono 1/4" Jack Plugs (also known as guitar leads).

The PA is pretty good, its loud with plenty of bass and some monitors.

We take  
our own  
screen  
down for  
visuals, if  
you want  
to have  
your own  
visuals  
projected,  
please let  
us know  
in

advance and we can arrange for you to send the files to Chris in advance and he will show them for you, otherwise he makes his own.

**These are the people you may meet on the night.**

This is Geoff, you've probably been in contact with him by email or facebook.

He will MC the night in his dreadful ginger wig.

This is Tom, he will help out with the sound.

This is Chris, he does visuals and he's always behind his laptop working away.
